"Independent companies of Americans from Ohio, under command of Captain Ellis, 185 strong.

Last, but not least, is the company of Texas sharpshooters, now 52 strong, from Fort Worth, under command of Captain Stillwell, who was promoted from first lieutenant. This company has been in six battles and has lost 11 men, including its first captain, Little.

"Of these commands, the Sixth, Ninth, Tenth, Fifteenth, Nineteenth, Thirty-second and Thirty-fourth regiments, battalions of Natasa, Damuneco, Santa Cruz, battalion of Americans and two companies of Americans are armed with Winchester rifles captured from the Spaniards, while the Second and Fifth regiments are armed with machetes and other arms, and the Seventeenth, Twentieth, Twenty-fifth, Twenty-seventh and Twenty-ninth are armed with machetes only. The battalion of cavalry is armed with sabres and rifles. We hope soon to have all armed with rifles, but men are coming in faster than arms at present.

"Of these regiments, the Second, Fifth, Sixth, Ninth, Tenth, Nineteenth, Twentieth, Twenty-fifth, Thirty-fourth and Thirty-ninth are in camp here, also the battalions and two companies of Americans. The others are marching to join us, and as soon as all are in camp we shall march upon and try to take Puerto Principe, which is our objective point. We are expecting another expedition with 1,000 rifles and 5,000,000 rounds of ammunition. We also hope to take one of the Spanish cruisers soon, as we have plans made to that end."

TWO MORE SKIRMISHES. In Both Cases the Insurgents Were Routed

HAVANA, June 20. - General Navarre has been engaged with the insurgent band, commanded by Garzon, in the neighborhood of Santa Rosa, Santiago de Cuba. He destroyed their camp, and captured their arms and ammunition. The insurgents lost four killed and had many wounded. Three soldiers were wounded.

Lieutenant Colonel Michelena has had a skirmish with 400 insurgents under the leader Rabi at Mogole, Santiago de Cuba. They left two dead and five wounded, and the troops captured four prisoners, a quantity of arms and the insurgent hospital. On the side of the troops one man was killed

RESPITED FOR THIRTY DAYS. Marry Hayward's Life Hung Upon a Very Slender Thread.

MINNEAPOLIS, June 20 .- Harry Hayward's life yesterday hung upon a very slender thread. Contr ary to popular belief, it was entirely within the discretion of the supreme court to have re-fused a stay. In case it had he would have been executed on Friday next. The Hayward case was presented to the judges in the afternoon in chambers. It was carefully considered for two or three hours but a stay of 30 days was finally granted upon condition that the case be argued during this term.

His Body Found at Last.

ROCHESTER, June 20.-Assistant Chief of Police Hayden today received a dispatch from Coroner Walker of Niagara county stating that the body of Jacob S. Kergood, who so mysteriously disappeared from a Michigan Central train between Chicago and New York last October, was found yesterday near Niagara Falls. Kergood was last seen alive in Detroit. His relatives spent hundreds of dollars in search of the missing man but could get no trace of him. Kergood was a brother of Edward Kergood of Denver and the senior mem-ber of the firm of Garson & Kergood, clothing manufacturers of this city.

Kansas Crops Phenomenal Large. FORT SCOTT, Kan., June 20.-The growth of the corn and oats crops in southwest Kansas since the rainy season commenced is phenomenal and altogether unprecedented. The hot, but very wet, weather of the past month has caused such a rank growth of corn that in some fields stocks are 10 feet high, with no signs of tassels or ears yet. Corn stalks as large as young trees ought to produce ears larger and heavier than have ever been raised. The oats were thought not to promise over a quarter of a crop three weeks ago, but they now promise a large yield.

Killed His Wife and Child. GREENVILLE, Miss., June 20.-A hor-

rible tragedy occurred on the plantation of Hon. J. B. Hebron, at Burgette, yesterday. Henry Taylor, colored, tied his wife and brutally chopped her head from her body with an ax and then took his child and cut off its head also with the ax. The murderer then changed his bloody clothing for a clean suit, took a week's rations allowed by Mr. Hebron and left for parts unknown. Jealousy prompted the bloody deed.

An Alabama Shooting Affray.

GAINESVILLE, Ala., June 20.—Post-master P. B. Woodson and D, H. Hunter was seriously injured, whereupon Woodson shot the negro and the latter's daughter, killing them. The bullet that struck the girl glanced from Wright's head.

Man and Wife Instantly Killed.

SAN FRANCISCO, June 20 .- A special newspaper train going toward San Jose at the rate of 50 miles an hours ran over and instantly killed Robert Marshall and his wife at a crossing just outside the city limits. The Marshalls were torn to pieces. The train ran for a mile before it could be stopped, carrying on the cowcatcher fragments of man, woman, horse and vehicle.

Making Homes For Consumptives.

WINSTON, N. C. June 20 .- Mr. Turft, a philantrophist of Boston, has purchased 5,000 acres of ground near Southern Pines, on which he will erect 500 cottages for the benefit of persons suffering with consumption. He says he will provide easy employment for the class of persons whom he has seen fit to make homes for.

MAIN STREETS ARE IMPASSABLE.

Pleasure Boats Loaded to Their Utmost Capacity With Crowds of Sightseers Going the Rounds of the War Ships, Which Are the Central Feature in the Great Spectacle.

KITL, June 20.—For the past 24 hours there has been a ceaselest incoming of trains hither on the railroads, each one filled to the last inch of available space with eager humanity. Visitors have flocked in thousands in the streets of the town and in the harbor, and every place is overflowing with people. The main streets are almost impassable with the streams of men, women and chil-

alliance, were the chief objects of interest to the spectators.

Pleasure steamers, loaded to their utmost capacity with crowds of sight-seers, have been making numberless trips in the harbor, each one going the rounds of the warships which are the central feature in the great spectacle.

Each pleasure steamer as it came. Each pleasure steamer, as it came abreast of a man-of-war, exchanged cheers with the jolly tars on board and none of them ever seemed to grow weary, or to have succeeded in making enough noise to do justice to the occasion. A large number of private casion. A large number of private yachts have also arrived in the harbor and add much to the grace and animation of the scene.

The emperor arrived at the Rathaus at 6:30 p. m., and was received by a guard of honor amid loud and enthusiastic cheering from the crowds in the

Shortly before 7 o'clock the banquet in the great hall of the Rathaus began. The hall, although not quite finished, had been especially decorated and upholstered for the occasion, and it presented a most brilliant aspect. It was splendidly lighted by electricity and the walls were almost hidden with historic paintings, draperies and flags of all nations, while rare plants were freely used to offset the richness of the mural decorations, giving a nice, fresh and soothing appearance to the hall.

There was a loud fanfare of trumpets

as his majesty walked to the head of the imperial table, bowing right and left on his way to his seat. His majesty sat with the Regent of Bavaria, Prince Luitopold, the King of Wurtemburg. the Grand Duke of Hesse, the Grand Duke of Oldenburg and other German princes on his right and with Burgommaster Lehman, the King of Saxony, the Grand Duke of Saxe-Weimar-Eisenach, the Grand Dake of Macklenberg-Schwerin and the Duke of Saxe-

Coburg and Gotha on his left. The number of guests at his majesty's table was 46, and the total number of guests, including the members of the diplomatic corps, who dined in a seperate room, was 600. The varied uniform of the guests, the contrasting colors, the profusion of military and other decorations and the general aspect of stately magnificence and power, presented a splendid spectacle.

During the banquet at the Rathaus the emperor was in wonderful spirits and led in an animated conversation, full of gaiety and good humor, charm-

ing all present. In the evening the town harbor and river were a brilliant spectacle with the innumerable illuminations. Despite the rain during the banquet, which was followed by a severe thunderstorm that marred the effect of the fireworks, the emperor was undeterred from proceeding to the artificial island to witness the illumination and the firing of salutes, which continued until 11 o'clock at night when the imperial party embarked on the emperor's yacht Hohenzollern which, followed by the foreign warships, passed down the harbor in a blaze of light. The departure of the emperor was witnessed by thousands of spectators who were massed along the

The scene from the island was fairylike in the extreme. The various steamers made the circuit around the island after which the emperor landed on the island in front of the special tent, which had been erected for him. As he entered the spacious pavilion, the whole tent and island were brilliantly illuminated together with the Lombards bruecke, the well known bridge connecting the inner and outer Alster, while countless little lights flamed along the entire edge of the lake.

On the island at 10 o'clock the grand display of fireworks was given. The United States man-of-war present, which had been well supplied with fireworks, contributed not a little to this part of the spectacle. There were several set pieces in red, white and blue, representing the German and American arms. Another set piece was a special motto in German text, "Herz-lichter Gruss an Deustchland von den Vereinitig Staaten," (Hearty greeting to Germany from the United States.)

At 10:30 o'clock the imperial party re-entered the emperor's launch, and landed at the Alster Thorn. Here a chorus of a thousand voices greeted them, singing "Heil der Emperor." CLAIMS AGAINST THE COLIMA. They Must Be Made Before Oct. 1, and No.

NEW YORK, June 20 .- The Pacific Mail Steamship company, having filed a petition with Judge Brown of the United States district court asking for an exemption for liability for all damage by the wreck of the Colima, and offering to surrender to the court for the benefit of those having claims against the company, its interest in the wrecked vessel and the freight moneys earned on the last fatal voyage, Samuel H. Lyman was yesterday appointed trustee to receive a transfer of interest and hold it for the benefit of creditors who might prove claims.

Such transfer was executed to Mr. Lyman and excepted by him. The court directed an order commanding all persons claiming damages by reason of the wreck to present their claims to Commissioner Thomas Alexander on or before Oct. 1 next. An order was also issued restraining all persons from suing the company for any damage which they might have received by reason of the wreck until the termination of the present proceedings.

The Investigation Continued.

SAN FRANCISCO, June 20.-W. P. Schwerin, vice president and general manager of the Pacific Mail company, was examined yesterday afternoon by the United States inspectors of hulls and boilers in connection with the foundering of the steamer Colima off the coast of Mexico on May 26. Schwerin testi fied that he was an officer of the United States navy for 19 years. He had inspected the Colima before she left San Francisco and found her in good condition, upon which he had congratulated Captain Taylor and admonished him to take good care of the ship and passengers. He stated that he inspected all the Pacific Mail steamers before they went to sea. The lifeboats were ready went to sea. The lifeboats were ready for service and if they were lashed he said it would take only a minute to cut the ropes. Schwerin admitted that the lumber was piled three feet high on the Colima's deck, but said the lumber was securely lashed to the weather. He was recitive the lumber did not make the

WHITESBURG, Ky., June 20.—News comes from Hyden, Leslie county, that a man named Higenot and James Banks, two notorious mountain desperadoes, met on the streets of Hyden intoxicated, and a quarrel ensued, resulting in a pitched battle early yesterday morning. Higenot was shot twice in the abdomen and once in the arm, fatally wounding him. Banks was shot in the leg and seriously wounded. Banks is now in the Leslie county jail to await trial for the crime. Higenot is expected to die hourly.

Robbed the Pension Department.

St. Louis, June 20.-A warrant has been issued by United States Commissioner Gray for the arrest of Francis M. Rhodes, alias Peter Rhodes, of Macon, Mo., charging him with perjury. It is claimed that he has obtained \$10,000 from the government by making false affidavits for pensions for the loss of eyesight. Investigation showed that his eyesight was good, that he was quite rich and making money rapidly as a money lender.

Waylaid and Riddled With Bullets.

KUTZTOWN, Pa., June 20.—Daniel W. Stitzel, aged 50 years, was murdered last night. The murderer had secreted himself at the end of a lane through which he knew that Stitzel would have to pass on his way to his home. Stitzel's body was completely filled with shot. It was evident that the shooting had been done at s ort range, as the entire load took effect. No arrests have yet beer made, and the authorities are complete ly in the dark.

REPUBLICAN

Opening Session of the Cleveland Convention.

ROUTINE MATTERS ARRANGED.

The Committee on Resolutions Having Quite a Time Over the Silver Question. The Final Outcome Can Only Be Surmised-Presidential Booms Being Well Looked After by Different Parties.

CLEVELAND, June 20 .- The opening session of the eighth national convention of Republican clubs recessed after disposing of all preliminaries and routine matters. There were no developments in the convention indicating the contest between those wearing yellow and white badges and representing respectively the gold and the silver standards, but in the committee rooms, the arcade, hotels and elsewhere the fight was on.

The committee on time and place seated Milwaukee as the place for the at national convention, and referred the selection of the date of the next national convention to the executive board, with instructions to select any date after that of the Republican convention. The postponement of the time to a date subsequent to that of the national convention next year was for the purpose of avoiding any such contest on resolutions as that which is now

confronting the delegates of the clubs. The feature of the day was the silver fight before the committee on resolutions. The committee organized at 4 p. m., with Congressman J. B. Robinson m., with Congressman J. B. Robinson of Pennsylvania as chairman, and H. G. Knowles of Delaware as secretary. The organization was against the silverites, but the latter were not discouraged and opened up the fight from the start. The committee was in open session till after 6 o'clock when, on motion of Congressman Tawney of Minnesota, it adjourned till 8 p. m. for an executive session, at which time a securely lashed to the weather. He was positive the lumber did not make the Colima top heavy.

an executive session, at which time a subcommittee of nine was to be announced by Chairman Robinson, and the time given to the silver men and others for a hearing.

When the committee on resolutions reassembled at 8 p. m. the following subcommittee was appointed to draft resolutions: Hon. John B. Robinson, Pennsylvania, chairman general committee (ex-officio); Horace G. Knowles.

Oregon. The full committee heard arguments on the silver question pro and con for several hours. A number of silver resolutions were offered. The opponents of free silver, through Mr. Hunter of Missouri, offered the financial plank of 1892, also the recent Ohio plank adopted at Zanesville last month. The compromise resolution attracting most attention was presented by Senator-elect

"We approve the declaration of the last Republican convention 'that the American people, from tradition and interest, favor bimetalism, and the Republican party demands the use of both gold and silver as a standard money with such restrictions and under such provisions to be determined as will secure the maintenance of the parity of values of the two metals so that the purchasing and debt-paying power of the dollar, whether of silver, gold or paper, shall at all times be equal, and refer the action for a more specific declaration to the next Republican national convention which alone has the power to bind the party or make platforms and declare principles."

There was no discussion of the tariff or any other issues in the committee, except that of the silver plank, and no differences of opinion existed in the committee of 46 members, except on the silver question. Nearly all the members of the committee were instructed on the silver question by their respective state delegations, so that it will not be difficult to adopt a report. Still it is conceded that these instructions make it almost certain that both majority and minority reports will be presented to the convention, and that the silver question will be fought out on the floor. The silver men still have confidence in their strength among the delegates, although a majority of the committee is against them.

The subcommittee went into an allnight executive session to prepare a report to be made to the full committee as soon as possible.

The presidential booms are being looked after carefully. yes! Is it not true that you have thrown all thought of the place aside, as something unworthy of your attention? State will be from fair to good. Doubtless many have done so. A party of about forty persons had given sufficient notice to it to cause them to take advantage of the excursion there on yesterday. Were they disappointed? Well, not if ladies and gentlemen may be believed. Everyone was very agreeably surprised, because the journey in itself is very pleasant, the accommodations at the hotel were superior to anything anticipated and the caves were bigger holes in the mountain than they had supposed.

The scenery up the Ohio is beautiful and as the train laboringly ascends Kinnikonnick the excursionist's enjoys a continuous succession of magnificently romantic views.

The hotel is spacious and airy, surrounded by mountain scenes making it a most agreeable place to enjoy a lunch or to take a quiet rest.

Some parts of the caves deserve special mention, viz: Lion's Den, Bee-hive Dome, Four-story Canon and Honeycomb Cave. While in the Lion's Den the party sang "Rock of Ages" and "Old Kentucky Home,"-the very songs that Daniel of old would have sung had the hymn been composed before that time and had he been a Kentuckian.

It is impossible to give a faithful description of such scenes,-they must be seen to be appreciated. We believe that for a day's outing, from Maysville and surrounding country, there is no place within comfortable access which will compare in pleasure and profit to the trip to Olio-nunk,—the place of caves.

There will be another excursion to Carter about July 20th, when the people may have a favorable opportunity to go and enjoy themselves for a day. Many of yesterday's party expressed a desire to make a second trip at that time.

The members of the party were delighted. Ask them about it.

CROP PROSPECTS IN THIS STATE.

What the Kentucky Weather Service Says of the Outlook at the Present Time.

The general tone of reports received to-day indicates that upon the whole crops have been benefited by the weather conditions of the past week. The temerature was considerably above the normal, the average daily maximum for the week being very close to 90°. Owing to the uneven distribution of the showers which fell during the latter part of the week, it is difficult to determine the average amount of precipitation for the PERSONAL.

The grain is ripening very rapidly in other sections and some cutting is reported from the central sections. The close of the present week will witness the left yesterday for a visit to friends at Mt. Sterling.

—Miss Maude Kirk is entertaining work of harvesting in all parts of the State. Reports as to the yield are so exceedingly contradictory as to render the making of an accurate estimate of the average very difficult. barley in the majority of counties. Complaints of shortage of pastures and meadows are quite general, and the prospects for a good hay crop are not encouraging. Pastures have suffered severely from the effects of the drouth, and in many localities are completely burnt up. The condition of live stock is consequently not up to the standard. Reports received from the hemp rais-

ing counties state that the prospects for the crop are not very favorable. While gardens have improved some-

what during the week, their condition is generally reported to be only fair, with prospects of light yields, except in the case of potatoes, which look well and promise a good crop. The outlook for sweet potatoes is not favorable.

Late fruits are doing well, and the reports of apples falling have nearly ceased. Grapes are doing better than was expected some time ago, and in many localities the outlook is for an excellent yield.

BRAMEL-MAYHUGH.

The Central Hotel Parlors the Scene of a Quiet Wedding Wednesday Afternoon.

Mr. A. W. Bramel, of Mt. Gilead, and Miss Kate Mayhugh, of Orangeburg, were quietly married in the parlors of the Central Hotel, this city, by Rev. E. B. Cake, at 4 o'clock Wednesday afternoon, June 19th.

The bride is a descendant of one of Mason's old and well-known families, and is a young lady of great personal beauty, refinement and culture, whose genial, happy temper and sprightly manner have made her the favorite of a large circle of friends.

The groom is also well known, and respected as a young man of sterling worth and one of Mason County's most successful farmers.

Their many friends will join in hearty The prospect is for a light yield of congratulations and best wishes for the happiness of the newly wedded pair.

Professor Rowland to Leave.

Professor J. H. Rowland has been elected Superintendent of Schools at Middletown, O., on a salary of \$1,500, and will no doubt accept the position, as the Board of Education of this city lately reduced his salary as Principal of the High School to \$1,000.

Maysville's loss will certainly be Middletown's gain in this instance. Professor Rowland's friends will sincerely regret to see him leave this city.

He also had a flattering offer, we understand, from the Hopkinsville (Ky.) School Board.

Horses Wanted!

Mr. Joe Kindig, of York, Pa., will be at Mose Daulton & Bro.'s stable, Maysville, Ky., Wednesday, June 26th, 1895, and will pay the highest market price for good, sound horses or mares, from four to eight years old, well broken and in good flesh. Bring in good ones and get the money for them. Don't forget

The Exercises at St. Francis de Sales Academy a Brilliant Success.

Program of the Closing Day-The Honor Pupils-Medals Awarded. Other Matters.

The thirtieth annual commencement of St. Francis de Sales Academy occurred yesterday and was a brilliant success.

For the greater part of the audience who have nothing of personal interest in the public successes of the honor pupils of the school, since that lies mainly with their relatives and friends, the musical features are those which claim special consideration and give more general pleasure.

St. Francis de Sales Academy holds high rank as a school of music, and a glance at the program will satisfy even those who never claimed the privilege of attending the commencements that it is well abreast of the advanced schools of the present day. An inspiring entrance march was played by the "Visitation Mandolin Club," which is composed of twenty-two young ladies, who with violins, mandolins, guitars and banjos, not only charmed the ear but the eye.

The address to the Rt. Rev. Bishop was very prettily delivered by Miss Aimee Kane. Gounod's "Ave Maria" was given with telling effect by Miss Belle Piatt, whose unusually fine soprana voice showed to excellent advantage; in addition to the piano accompaniment. A mandolin obligato was exquisitely played by Miss Mae Burgess. This young lady received a gold medal for proficiency on the mandolin. She is acceded to be the most accomplished mandolin player in this part of the country.

Two instrumental numbers claim attention, the march from fifth symphony "Lenore," by Raff, and "Hungarian Dance," by Wagner. These were charmingly rendered and gave much pleasure. The "Theme and Variations," by Beethoven, was splendidly given, on two pianos, by Miss Agnes Dodson at first piano, and Miss Mary Bayless at second. This composition is eminently characteristic of the famous composer, but the young ladies proved themselves equal to prominent instrumental feature of the program was Mendelssohn's Concerto for piano, with orchestral accompani- Grace Redmond. ment on second piano. This is a brilliant composition, abounding in rapid running passages, which calls for exquisite delicacy of touch and absolute precision on the part of the player, while Marie Hunter, Jessie Bayless, Hattie Dobyns, the theme which is never obscured by elaborateness of treatment, is a very beautiful melody. Miss Kathleen Mur- Dodson and Stella Archdeacon. phy won deserved applause for her interpretation of the piece, and the faultless manner in which she played it. The orchestral part on second piano was brilliantly sustained by Miss Bertha Neider. Moskowski's brilliant valse op. 34 was exquisitely played by Miss Murphy. One of the most catching numbers of the program was the "Reverie," for violins, zithers, guitars and mandolins. Miss Agnes Dodson played in excellent taste an effective and difficult "Polanaise," by Paderewski. In the beautiful trio, "The Water Nymphs," the parts were judicially balanced, and found exquisite interpretation in the fresh young voices of the singers, Misses Piatt, Dodson and Bimp-

Miss Marie Bayless, the fair young graduate, delivered her beautiful valedictory with charming ease and grace, and won deserved applause.

Once more the efficient teachers at St. Francis de Sales Academy are to be congratulated; as are also the people of Maysville in having in their city a school which in no respect falls short of the exacting demands made upon educational institutions by the advanced requirements of this progressive age.

Mr. and Mrs. Robert Baldwin Entertain a Gay Crowd-A Delightful Evening at "Edgewood."

Mr. and Mrs. Robert Baldwin's hospitable home near town was the scene of a most delightful picnic last Monday evening. A gay crowd from Maysville chartered Parker & Smoot's Kensington, and with good music, a sumptuous supper, and the genial and hospitable entertainment of Mr. and Mrs. Baldwin, the evening could not have passed off more pleasantly. Those present were Mrs. Thos. R. Phister and Mrs. Gus Respess as chaperones; Misses Peed, Thomas, Darnall, Robinson, Shackleford, Watson, Hattie Dobins, Lutie Respess, Maud Kirk, Marian Wormald, Mary Cox, Susie Hall of this city and Ida Dudley of Fleming, with Messrs. Will Stockton, Tom Darnell, Tom and James Hall, Clay Worick, Dulin Moss, Courtnay Respess, Hickman Ranson, Joe Evans, Pierce Browning, Stanley Nolin, Charles Cake and Asa Burgess.

Miss Maud Kirk gave a most delightful entertainment on Tuesday evening last, in honor of her guests Misses Best and Martin. Only those who have partaken of such hospitality as her home affords can know what a charming hostess she is. Those who were honored with an invitation to her entertainment were Miss Nettye Robinson, Mr. Stanley Watson, Miss Bertie Robinson, Mr. Joe Evans, Miss Nannie Peed, Mr. Thomas Darnall, Miss Edna Hunter, Mr. Welburn

Fire Causes a \$30,000 Loss to the United States Government.

SAN FRANCISCO, June 20.-A fire at the Presido reservation yesterday will cost the United States government about \$30,000. The fire was discovered in the gunshed of Light Battery F, and before an engine arrived the building was consumed. The shed cost only \$2,-000, but it contained eight 4-inch rifle guns of the latest pattern, each of which cost about \$3,000. The guns were badly warped and the carriages so twisted that they are absolutely ruined.

Besides the guns, a number of 7aluable stores were in the building, all of which are damaged so they are unfit for use. The origin of the fire is unknown, and is now being investigated. There were some lubricants stored in the shed, and the theory of Colonel Graham is that the fire was caused by spontaneous combustion.

Many Said to be Dissatisfied With The Sound Money Plank

LEXINGTON, KY., June 12.—Great dissatisfaction exists among a large number of the Republican voters of this county because of the sound money plank in the Republican platform adopted at Louisville last week. As is well known many of the Republicans, especially in the county outside of the city are in favor of the free coinage of silver at 16 to 1, and a number of them say that they will not vote the Republican ticket this year.

This will be sad news to the Republican leaders who have been extracting so much comfort out of the divisions in Democratic ranks over this same currency question.

Plenty of Fruit.

(Exchange.) California fruit of all kinds should be plentiful in the East this year. The season has been good for almost all kinds of fruit thus far, and the increase in the area of cultivation is notable. No less than 421,565 pounds of cherries and 30,000 pounds of dried apricots and prunes were shipped East from the one station of San Jose during the last week of May. The cherry crop of Santa Clara County this year will exceed 6,000,000 pounds, an increase of nearly 2,000,000 pounds over last year. Some of the lands in San Bernardino County which a few years ago were listed on the surveys as "desert land," are this year yielding from \$325 to \$400 per acre in almonds.

OTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35

cents, or one cent a dose? Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.
